UPDATE Making Disciples For Life Campaign

This campaign is in place to raise funds to help with the many costs involved with keeping St. James Lutheran School a place where we Make Disciples for Life. So far, we have received \$265.00 in donations towards this. Our goal for the year is \$75,000. If you are able, please consider making a contribution.

Discipline that Connects: Consider signing up for the self guided class offered through Connected Families which is a major part of our teacher and staffs' professional development focus beginning this year. A code has been shared: "20FRIEND22" and is

valid until 10/10 saving families 20%. There are also scholarships available making the course very reasonable. Pastor Loder is encouraging all families to try it out. To register for the class, go

to: <https://connectedfamilies.org/courses/discipline/>

New Student:

Sadie Crawford has joined our second grade class this year. She was born on August 27th, 2015 in Monticello. Her parents are Joe and Amber. She has an older brother, Sylvester and a younger brother, Sawyer. Jesus is her favorite person in the Bible and it's a toss up between chapel and gym for her favorite part of school. Sadie enjoys watching Mommy Long Legs on You tube or the movie Free Guy. Cheesy ham and scrambled eggs is Sadie's preferred food. During her free time, she likes to go swimming, play with dolls or journal. To improve the world, Sadie would add more water parks. When she grows up, she would like to help animals.

The Amazing Chemistry Show

Hosted by St. Johns Lutheran Church in Buffalo (302 2nd St. NE) on October 16th from 4-5pm. There is no ticket required, the event is free and all ages are welcome. Josh Dehart combines exciting science experiments with a gospel message. Frozen treats will be handed out after the show. To find out more visit stjohnsbuffalo.org or call 763-682-1883.
